IN-SERVICE COURSE OVERVIEW:

- Manual Lymph Drainage (MLD) is a subtle and complex manipulative skill.
- This introduction / review course includes a review of the theory of lymph system functions, and the basics of effective MLD.
- Recommended as a refresher class for students previously trained in MLD, or practicing professionals seeking current MLD methods, strokes, and exposure to sequences.
- Trained MLD therapists and other medical and clinic staff may use this course to update or renew their foundational knowledge of MLD as well. Particularly useful for certified lymph drainage therapists trained in other methods.
- This condensed review utilizes lecture, professional level illustrated quick reference documents (Topic Cards), slides, student handouts, and practical instruction/demonstrations.
- This course earns NCBTMB CEs, hour per hour, as selected by the organizer.
- No exam is required in this course, however participation in the labs is strongly encouraged.

IN-SERVICE LEARNING OBJECTIVES:

Manual Lymph Drainage practitioners rely upon an evolving and complex body of knowledge (BoK) in order to provide benefits to clients/patients with various conditions and pathologies. Support staff, administrators, patients, and certified practitioners will find this refresher / introduction surprisingly engaging, refreshing, and relevant:

- * Review the pathways of the lymph system
- * Review the structure and function of the lymph system;
- * Review the mechanisms of lymph movement;
- * Review the indications for MLD;
- * Review the contraindications for MLD;
- * Review the baseline stroke used in Vodder MLD;
- * Review some techniques used in Vodder MLD;
- * Refer to additional resources, recent research, and more.

NOTE: Selected Topic Cards and practical labs are included in course.

COURSE OBJECTIVES

Instructor: Gay Lee Gulbrandson CLT-LANA NCTMB www.VodderMLD.com

Example Objectives for In-Service Course (Class is tailored to target group)

12/8/4/? CE Credits (NCBTMB Approved Provider)

12 Hour Course Described (The 8 or 4 Hr course is condensed, covers all topics more briefly):

This course introduces some terminology, concepts, and basic physiology of Manual Lymph Drainage (MLD) techniques. Demonstrations of a basic foundation stroke are included.

The objectives of the theory / lecture component (8.75 or 5 or 2.5 hours, etc.) are:

- 1. To introduce concepts of anatomy of the lymph system in the connective tissue.
- 2. To introduce concepts of the fluid exchange between blood, connective tissue and lymph, and some forces affecting fluid movement.
- 3. To introduce how MLD affects the body, specifically nervous and drainage systems.
- 4. To make the student aware of some contraindications for MLD.
- 5. To introduce MLD as a treatment and some conditions that can be treated with it.
- 6. To point out sources of research and information into MLD therapy and training.

The objectives of the practical participation component (8.75 or 5.75 or 2.75 hrs, etc.) are:

- 1. To introduce the effective, light, subtle technique of MLD
- 2. To introduce a Basic stroke for MLD and its application to the face and neck.
- 3. To integrate the theory into practical experience.
- 4. To prepare the student for the courses in Dr. Vodder's Manual Lymph Drainage available through the Dr Vodder School International.

Note: This course is **not** affiliated with the Dr Vodder School International.

Gay Lee's CV

Gay Lee Gulbrandson, a resident of Berkeley, CA, has a BA (Biology) from Beloit College, WI. She is a certified MLD therapist by the Dr Vodder School International (DVSI) 1996 (formerly VSNA), and is a certified Dr Vodder School MLD teacher (2002).

Her accreditations include certified massage therapist (1979), AMTA member (since 1988), orthopedic massage certification (Hendrickson School 1991), member of NAVALT® (since 1995), NCTMB exam certified (1995), NLN member (since 1996), CLT-LANA certified (2002), annual MLD teacher recertification, numerous continuing education courses, and veteran of many public presentations.

Gay Lee is happily married and has 1 grown daughter 2 grown sons. She has the energy to be an innovative, dynamic and respected teacher and travels frequently to teach MLD throughout the USA.

GAY LEE HAS A THRIVING PRIVATE PRACTICE IN MLD AND COMBINED DECONGESTIVE THERAPY (CDT).

Gay Lee began her career using Swedish Massage, and Shiatsu, then added Orthopedic Massage (The Hendrickson Technique). It was when she heard of Dr. Vodder's Manual Lymph Drainage (MLD) that she found what she was really looking for. In 2002 she completed her Teacher Training as a Basic Course Instructor in MLD for the Dr Vodder School International. She is now certified to teach several Vodder school MLD course offerings. Gay Lee's teaching has inspired health care professionals and estheticians to address physical conditions, specific pathologies, pre- and post-surgical patients, etc. with swelling related conditions that are often inadequately addressed by the traditional medical community.

It is from this commitment that Gay Lee teaches a deep understanding of how the lymphatic system impacts the health of the entire body. MLD has a profound effect on the skin. Gay Lee teaches using multimedia presentations, attractive handouts, and imparts the Dr. Vodder MLD methods and sequence of therapy.

Introduction To MLD In-service CE Short Course

A BRIEF HISTORY OF MLD

Instructor: Gay Lee Gulbrandson CLT-LANA NCTMB www.VodderMLD.com

The Dr. Vodder Technique With Some History

As physical therapists in France in the 1930's, the Vodders (Estrid and Emil) originated a method of working directly on a part of the body that was, until that time considered taboo i.e. the lymph nodes. By 1936 they had compiled a systematic series of precise massage movements using a combination of intuition, practical experience and anatomical knowledge of the lymph vessel system. The gentle, rhythmic, pumping movements following the direction of lymph flow in the skin produced rapid results, especially with skin conditions, hematoma, eczema, varicose veins and leg ulcers.

At the start of the second World War, they returned to their native Denmark and started the Vodder Center MLD. The Dr. Vodder School is now located in Austria and trains therapists from around the world. In Europe, manual lymph drainage (MLD) is a procedure recognized by many state health insurance plans and in Germany for example, **it is now the third most prescribed physical therapy technique.**

The lymph vessel system is responsible for carrying excess water, proteins and wastes from the connective tissue back to the blood stream. During the transportation process it is cleaned, filtered and concentrated with many immune reactions occurring in the lymph nodes. If the pathways become congested, blocked, damaged or severed then fluids can build up in the connective tissue (edema) and eventually cell pathology may begin. If there is damage in the connective tissue (e.g. burns, chronic inflammation, ulceration, hematoma), then the lymph vessel system must transport the damaged cells, inflammatory products and toxins away from the area. The quicker this can happen, the faster the recovery will be.

Through the pumping and stretching effect of the lymph vessels, MLD makes lymph flow faster and stimulates the formation of new connections between lymph vessels. There has been extensive scientific research in Europe (Hutzschenreuter, Mislin, Foldi, Collard et al), Australia (Piller) and USA (Cassels).

Dermatological indications are numerous and in the esthetic setting, MLD is used to restore skin to normal health. Some indications for the Dr. Vodder method of MLD include pre- and post- plastic surgery, blepharoplasty, scar tissue, skin congestion, spider veins, teleangiectasia and rosacea.

Founded in 1994, the Dr. Vodder School – International is the only school authorized by the Vodder Center MLD and the Dr. Vodder School in Austria to teach the original Dr. Vodder method. Certified teachers of the Dr. Vodder School teach Basic and Advanced classes throughout the world. The Dr. Vodder School International maintains a referral list of all currently certified therapists and this is posted on its website at vodderschool.com.

Gay Lee Gulbrandson
NCTMB, CLT-LANA, Certified Dr. Vodder Instructor

Dear Clinic Director or Administrator,

Thank you for considering the **Introduction To Dr Vodder's Manual Lymph Drainage In-Service Course**. The class is available as a **12 Hour**, **8 Hour**, or **4 Hour** course, as appropriate to your requirements.

The title of the course is perhaps somewhat misleading. You probably have staff trained in Dr Vodder's method of MLD or similar techniques. Certified MLD Therapists say that no matter how much they already knew, this class was a real eye-opener for them, with terrific motivational value, fresh insights and resources, and refreshing to their MLD technique. Your support staff will also learn much that they otherwise would never know about the benefits and applications of MLD.

A series of reference sheets (**Topic Cards / Pre-Course Study Sheets**) are available on my website for download, or viewable and printable from the complimentary **CD** that accompanies a signed class contract. Participants will feel exceptionally well-prepared for the **In-Service** if they access these **Topic Cards** and review the contents (or take the 8 CE exam) before class.

I have been teaching/practicing MLD for 14 years. My multimedia curriculum is attractive, engaging, and has great recognized value. Further information is at www.VodderMLD.com.

Please call if you have any questions. I look forward to providing your staff with training and updates as soon as possible.

Sincerely,

Gay Lee Gulbrandson

"Live and Learn"

Individual coaching available.

Consider these reasons for scheduling an MLD In-Service Class:

- *Studies show 75% of CDT treatment failures are due to improper technique*
- *Update MLD strokes and sequence skills (which tend to degrade over time)*
- *Update resources and methods for staff to motivate discouraged patients*
- *Update staff with current information on MLD research, technique, and specials*
- *Reviews MLD indications, contraindications, and relative contraindications for LE patients*
- *Reviews applications of MLD to non-lymphedema patients*
- *Fulfills required Continuing Education CE Hours for registered/licensed/certified staff*
- *Boosts staff cohesiveness and morale by gathering and learning together and romotes openness and spirit of inquiry among staff, generates fresh ideas*
- *Staff sense that management supports and recognizes value of promoting staff expertise*
- *Exposes support staff to subtlety and complexity of MLD/CDT, and inspires staff to renew commitment to quality*

TERMS AND CONDITIONS for GAY LEE'S MLD LEARNING SYSTEM

The courses available for Home Study or In-service, are owned and operated by me, Gay Lee Gulbrandson, for your information and education. Use of the course or download is subject to the following Terms and Conditions and all applicable laws. By purchasing or attending a course, you accept, without limitation or qualification, these Terms and Conditions. If you do not agree with any of the Terms and Conditions, do not purchase the course or download. I reserve the right, at my sole discretion, to modify, alter or update these Terms and Conditions at any time and you agree to be bound by such modifications, alterations or updates.

PURCHASES & PAYMENTS Gay Lee's CE Courses and Downloads

I accept payment by credit card or check. Please access the product/course descriptions page on the website, call the phone number, or email me. Materials and courses are available for download or shipped to buyer only after payment in full is received. NOTE: Additional Terms and Conditions may apply to online transactions, shipping and handling, lost or damaged shipments, CA sales tax, etc. (Please see shopping cart.)

REGISTRATION, ATTENDANCE, CE HOURS CREDIT Gay Lee's CE Courses

Students may register in advance using the website Enrollment Form download, or in person at the door on a space available basis for the **In-service Courses**. Registrations are usually accepted until the actual beginning of a class. Students must be fully paid, attend the entire course, and participate fully in any practical sessions to receive a Certificate of Completion / Accomplishment and CE credit. For home study students must complete and pass the written examination (75%) to receive CE course credit and CE units and Certificate of Completion.

CANCELLATION AND REFUND POLICY Gay Lee's CE Courses

I actively seek to create learning environments that foster the success of my students. Barriers to learning are by design eliminated from my courses. One known barrier to learning is the operation of refund policies and guarantees. Both policies are often seen by students as exit strategies that may be exercised in lieu of completing a course. Thus, the possibility of a refund can and often does reduce student drive and level of effort to successfully complete a course. My basic refund policy is therefore - no refunds.

However, there are exceptions. If a student enrolls in the wrong course, or an inappropriate course, and notifies me within 24 hours of enrollment, a replacement course or refund will be made available. Second, students are encouraged to continue with their studies until they succeed.

Cancellation of an on-site classroom course student enrollment may occur up to 48 hours before the start of the class. A \$50.00 fee will be deducted for cancellation made prior to the 48 hour period for each individual. Within 48 hours of class start no refunds are made, and no course credit is given. A reason for non-attendance due to a natural disaster, student hospitalization, or similar event preventing the student to be able to travel may be considered. No other make-up dates, adjustments, partial credits or refunds will be available.

EXAM RESULTS and SECURITY / PRIVACY POLICY Gay Lee's CE Courses

Student exam answer sheets or other individual information will be sent back to the sending Fax number or email of origin. If you do NOT want exam results or other information sent back to the originating email or address or FAX number due to privacy concerns or otherwise, you MUST TELL ME IN ADVANCE. I am only too happy to use your requested method of communication. Unless you tell me in advance, results and Certificates of Completion or Certificates of Accomplishment will be sent electronically and you must print them yourself as desired.

TRANSCRIPTS, REPLACEMENT CERTIFICATES Gay Lee's CE Courses

Your personal record of courses completed with me is available to you upon your email request, and will be returned via email. If any provision of this agreement shall be unlawful, void, or for any reason unenforceable then that provision shall be deemed severable from this agreement and shall not affect the validity and enforceability of any remaining provisions. I may at any time revise these Terms and Conditions by updating this posting. You are bound by any such revisions and should therefore periodically visit this page to review the then current Terms and Conditions to which you are bound.

GENERAL ONLINE PRIVACY POLICY Gay Lee's CE Courses and Downloads

Your privacy is important to me. I collect no personal information about you when you visit my Web site unless you choose to make such information available to me.

When you visit my Web site, my server recognizes only the Internet domain and IP address from which you accessed my site. This information does not result in the identification of your personal e-mail address or any other personal information about you.

In addition, I monitor the volume of access to my site by collecting information on the date, time and pages accessed by all visitors. I do this to improve the content of the Web site, and this information is not shared with any other organization. Only aggregate information is collected, and individual visitors' personal information is not identifiable. If you choose to share personal information with me - by sending a message or filling out an electronic form with personal information - or enrolling in a class - I will use the information only for the purpose you authorized. I will not disclose the information to third parties or government agencies, unless required to do so by state or federal law. My server maintains a record of all registrations logged into my download requests or course registrations. I use these records to determine who has downloaded the information, and to send announcements of new classes or services. I will report your course completions by email to an individual or school for their records, only upon your emailed request. I will not in any way release your personal information to third parties.

For the purposes described above and with regard to disclosure, your viewing/receipt of this Privacy Policy will be deemed as consent unless you advise me in writing that you do not wish me to use, disclose, or collect further information.

At any time and with reasonable notice, you have the right to withdraw consent for me to use, disclose or collect information about you. If the withdrawal of consent would frustrate the performance of any legal obligations, your consent may not be withdrawn. Withdrawing consent may also affect my ability to provide you with information regarding products and services that I offer. It may also affect the way that I am able to do business with you. You have a right of access to your personal information, subject to legal restrictions and right of refusal by the and or me. A written, signed request must be received by me in order to release this information.

I may charge a reasonable fee for you to access your personal information after informing you of the cost. Your request for information may be denied for example if:

1. The disclosure would reveal information about another individual
2. The information pertains to a legal proceeding or investigation
3. Granting access could reveal confidential commercial information

If you have any questions about my privacy procedures, or have ideas for improving my procedures, please feel free to e-mail me at GayLee@VodderMLD.com.
